About:

Each year, we help more than 6,000 people build independence through job training, job placement, and other individual and family services. Our programs offer rapid re-housing and case management services for veterans who are homeless, mentoring programs for at-risk youth, job training, skills assessment, resume development, and more. In the last five years, Goodwill has served more than 25,000 individuals in eastern Washington and northern Idaho.

As one of the largest charities in the region, our programs work in our back yard to improve the quality of life for thousands of men, women, and youth in eastern Washington and northern Idaho each year.

The sale of donated items in our retail stores provides the bulk of support for our programs locally. Out of every $1.00 earned from the sale of items in our retail stores and outlet, 85 cents funds our programs in your local community.
