### **About:**

At Paradise Creek Counseling and Consulting we view the counseling relationship to be one of collaboration. We recognize that each client's situation is unique and we work with each client to design and implement a treatment plan which suits their needs. One course of treatment may be appropriate for one individual, but not another. Our counselors have pursued different areas of specialization and expertise and we work as a team to provide the highest quality treatment for all of our clients.

We currently accept most insurances as well as private pay for counseling services. We do not discriminate or deny services based on the ability to pay. If you wish to receive behavioral health services but do not have insurance, please contact us at 208-882-2566 and ask us about our sliding fee scale. Paradise Creek Counseling and Consulting does not discriminate based on race, ethnicity, nationality, religion, gender, age, mental or physical disability, sexual orientation, or payment source.
