**About:**

Pullman Community Council on Aging was founded in 1973 with the mission of enhancing the quality of life for our community's seniors. The non-profit council is made up of both representatives of senior-service agencies (i.e. Rural Resources, CoAHS, Circles of Caring, hospice), senior residential communities (i.e. Avalon, Bishop Place, Hill-Ray Plaza, Regency Pullman), Pullman Senior Center, several WSU departments involved in serving or researching seniors, as well as individual community members. This network works to connect the different areas of support for seniors for the benefit of all. The networking aspect of the council is as vital as the services provided to seniors through Meals on Wheels, Senior Chore Service, and the “Guide to Senior Services.”

**Services:** Meals on Wheels; Senior Chore Services; Guide to Senior Services, Foot Care
