About:

P.S. I Love You is offered by Simpson United Methodist Church as a ministry to the families of the Palouse as a way to build strong relationships within the community while children play and learn in a caring classroom environment without an explicit focus on religion.

P.S. I Love You is offered in hopes that the program might fulfill a need for friendship, support and renewal for you at a time when you may feel isolated from other adults. It provides parents education and fellowship with other parents of preschoolers. At the same time, your child(ren) have a safe, loving place to play and learn with qualified teachers.
