Phone: 208-874-7891

Address: PO Box 9323 Moscow, ID 83843

Website: www.familiestogether.org

Email: ftpd@familiestogether.org

About:

We believe:

?Family learning and recreation will benefit all family members and strengthen family unity.

?Full participation of individuals with disabilities enriches all families and communities.

?People with disabilities need involved family members to advocate and support them to live, work, and fully participate in their community.

?Non-disabled siblings need support and information to assist them in advocating and supporting their brother or sister with a disability as children and as adults.

?Families need ongoing information and training in advocating for high quality education and career training opportunities.

?Providing families with resources and supports that build and maintain strong, healthy, informed, and actively involved family members who can work together to improve the life-long outcomes for their child or their sibling with a disability.

Services: Outreach and Support; Positive Parenting Training for Children with Challenging Behaviors; Family Unity Recreation Activities (FURA); Theatre Acting Classes; Summer Day Camp; Attachment and Security Classes
